Feedback from courses:

“I am an SS Co and experienced PE teacher and have coached tennis for many years - it was a delight to see all the Primary teachers on the course warming to tennis and believing that they could deliver the sport. All the primary teachers left inspired to try it at their school - success!!!!... so well done and thank you. “

“Because of the lack of finances at our school we have been unable to provide a good standard of teaching tennis. However with the fantastic free resources, all children in the school have benefitted!”

“An extremely enjoyable morning with some super, practical ideas that we can use and deliver easily. Thank you for spending time to find out what we as teachers actually wanted to achieve from the session and then adapting it accordingly - fantastic!”

“one of the best PE courses I have ever been on- combined practical tennis with theory, dvd with discusion and great for all primary age children. thankyou”

“Fantastic course. Very practical, lots of adaptable ideas to develop basic skills as well as more advanced skills and techniques. I would highly recommend this course to other primary practitioners.”

“Super training session. Now feel confident to share resources and knowledge with other staff and to deliver tennis to a much younger age group of pupils.”

“very impressed with the assessment resources. Found the skill development games very useful”

“found the course very useful on some levels, especially in how to deliver tennis to less able and how to develop their skills”

“Attending this course, has improved my confidence as a PE co-ordinator and in delivering tennis in my primary school”
