

COMPETITION WITHIN SCHOOLS

For many young people, sporting competition is first experienced within their own school – between house teams, form groups or in PE lessons.

Level 1 of the School Games will build on schools' existing work to offer pupils a year-round programme of regular intra-school competition that culminates in a School Games Day: the ultimate school sports day!

There are many different types of intra-school tennis competitions that can be run in schools and this toolkit will assist you to run your events and engage all your pupils in schools tennis competitions. Feel free to adapt and use this toolkit to run your events.

The next section highlights ideas for three different options for organising intra-school competition.

MORE INFORMATION

- Further guidance on Intra School Competition – including Tennis specific School Games Level 1 resource cards can be found at: www.yourschoolgames.com
- In addition, a range of Schools Tennis Activity Cards are available online at: www.schoolstennis.org – all of which can be used to support intra school competition.
